Keep your contact information current with SPCU.

It is very important to keep your current address and phone numbers updated with us. This also applies to any name changes. You may not think this is vital information, but it is and for several reasons. The number one main reason is security. You may fall prey to a potential fraud on your account. Typically, when this happens we would block your debit or credit cards you may have with us. The next step would be to follow up with you with a phone call. If your phone numbers are not updated properly we can not do so. Addresses are important due to the fact that your personal information is being sent to the address we have on file. This also effects the mailing of your debit and credit cards not being mailed to you.

FAMILY-FRIENDLY

Your immediate family members are eligible to join SPCU. Spouse, children, grandchildren, sisters, brothers etc. If they are good enough for you, then they are good enough for us.
